Thank you for supporting Stride for a Cure

Dear Henry,

Thank you for supporting our 2008 Stride for a Cure, an anchor event in Hong Kong Cancer Fund's fundraising calendar, allowing us to raise vital funds for cancer research projects in Hong Kong.

This year we have a newly renovated venue with artificial turf, which need special care on cleaning. We much appreciated that your colleagues were performing professionally. Both Hong Kong International School and we are satisfied with the quality of your cleaning services.

The final numbers are not yet in, but we hope to reach our fundraising target of HK\$3million dollars. Thank you for making such a tremendous contribution.

As you know, part of our on-going mission is to make life better for people touched by cancer; and research is an important component to ensuring that the cancer journey is made easier for the many thousands of people now living with cancer, or yet to be diagnosed.

Money raised through this event not only allows us to fund important local research concerning prevalent cancers in our community such as colorectal cancer and NPC, but it also enables us to fund global drug and clinical trials, which serve to better the treatment or prevention of cancer in our community.

Being part of a global research network - like our membership with the EORTC (European Organization for the Research and Treatment of Cancer) - we're able to bring the most up-to-date information and trials in cancer treatment to Hong Kong, further empowering local medical professionals who are working hard to bring cancer under control.

On behalf of Hong Kong Cancer Fund and everyone we help through our work, I thank you once again for generously supporting this event. We simply could not hold events like this and raise funds for cancer research without the support and contribution of caring companies like you.

We look forward to partnering with you on a regular basis.

With warmest regards,

Avis Fung
Marketing & Donor Relations Manager
